Education

MLR INSTITUTE OF TECHNOLOGY, Computer Science and Informaton Technology Sept 2022 – Oct 2026

- CGPA : 8.4

SASI JUNIOR COLLEGE, (MPC)

Sept 2020 – April 2022

- Percentage : 90

PROJECT EXPERIENCE

AI-Powered Job Portal

Dec 2024 – Feb 2025

- Developed a full-stack job portal leveraging AI-driven recommendations to match candidates with roles based on resume parsing, skill profiling, and job description analysis.
- Built the backend using Node.js and MYSQL, and the frontend with React.js, implementing a smooth and responsive user experience.
- Trained a machine learning model for personalized job suggestions, achieving a matching accuracy of 87 percent on test data.

Photography Portfolio

Oct 2023 – Nov 2023

- Designed and developed a responsive photography portfolio website to showcase professional work, featuring high-resolution galleries, category filters, and dynamic image loading.
- Built using HTML, CSS, JavaScript, and React.js, with attention to modern UI/UX practices for a visually engaging user experience.
